

Frequently Asked Questions

Do I need to be crafty or have special skills?

We have members of all talents. There are always things that you can help with from cutting to gluing. The leader of the craft workshop brings the supplies needed and helps instruct. The bake sale is a large part of the fair, so if you like to bake, here is your opportunity to help. Our crafts run the gamut: sewing, embroidery, knitting, jewelry making, woodworking, card-making, stocking stuffers, wall art, painting, quilting, fall/holiday décor, gift items, canned goods, pickles, jams, jellies, candles, soaps, flower arrangements, wreaths, glass crafts—ideas are endless.

How much work and time is involved?

You can contribute as much as you choose. Some members come to craft workshops and craft at home. Other members craft at home only. We appreciate all your talents.

What if I can't attend all the meetings?

No problem, come when you can. We have members that leave Henderson for the summer.

Who pays for the crafting supplies?

Supplies are usually purchased by the crafter. The committee will consider reimbursement if requested. We have a great inventory of supplies that have been donated to the group.

Where do I find ideas for crafts?

You can find them in magazines, craft shows, internet and TV.
